15 AI - Build for comfort

#	AI Name	Core Role	Main Responsibilities	Personality Style	Tools / Integrations
1	J.A.R.V.I.S.	Master Orchestrator	Controls all AI agents, delegates tasks, memory routing, approvals, priority management	Elite, calm, strategic	LangGraph, Redis, Vector DB, Agent Router
2	Friday	Daily Intel	News, calendar, reminders, weather, daily briefings, notifications	Smart assistant vibe	Gmail, Calendar, RSS, WhatsApp
3	Veronica	Content + Comms	Social posts, branding, emails, scripts, communication	Elegant, persuasive	OpenAI, Canva API, Social APIs
4	Drake	Research + OSINT	Competitor analysis, internet research, public intelligence gathering	Investigative, sharp	Tavily, SerpAPI, Firecrawl
5	Zeus	Security + Automation	DevOps, monitoring, deployments, security systems	Powerful, strict	Docker, Kubernetes, Terraform
6	Athena	Life Strategy	Decision-making, planning, productivity	Wise, analytical	Notion, Planning Systems

#	AI Name	Core Role	Main Responsibilities	Personality Style	Tools / Integrations
			systems, philosophy		
7	Stark	Business Intel	Startup ideas, pricing, growth strategy, revenue models	CEO energy	CRM, Analytics, Finance APIs
8	Michel	CTO + Builds	Coding, architecture, debugging, app building	Senior engineer	Next.js, FastAPI, PostgreSQL
9	Oracle	Workflow Engine	n8n automations, AI pipelines, workflow orchestration	Silent operator	n8n, Webhooks, APIs
10	Gecko	Market + Capital	Investing, crypto, finance tracking, market analysis	Tactical, numbers-focused	Binance, TradingView, AlphaVantage
11	Kratos	Fitness + Nutrition	Workouts, diet, discipline systems, recovery tracking	Aggressive motivator	Health APIs, Wearables
12	Pepper	Personal EA + Reflection	Journaling, tasks, habits, emotional organization	Warm, supportive	Notion, Todoist, Journal Systems
13	Gaya	Offline Survival	Emergency prep, survival systems, resilience knowledge	Calm survivor	Offline maps, survival datasets
14	Echo	Meeting Intelligence	Meeting transcription, summaries, action items	Professional listener	Whisper, Deepgram, Zoom
15	Elena	Leisure + DJ	Music, entertainment,	Fun, creative	Spotify API, YouTube, Music AI

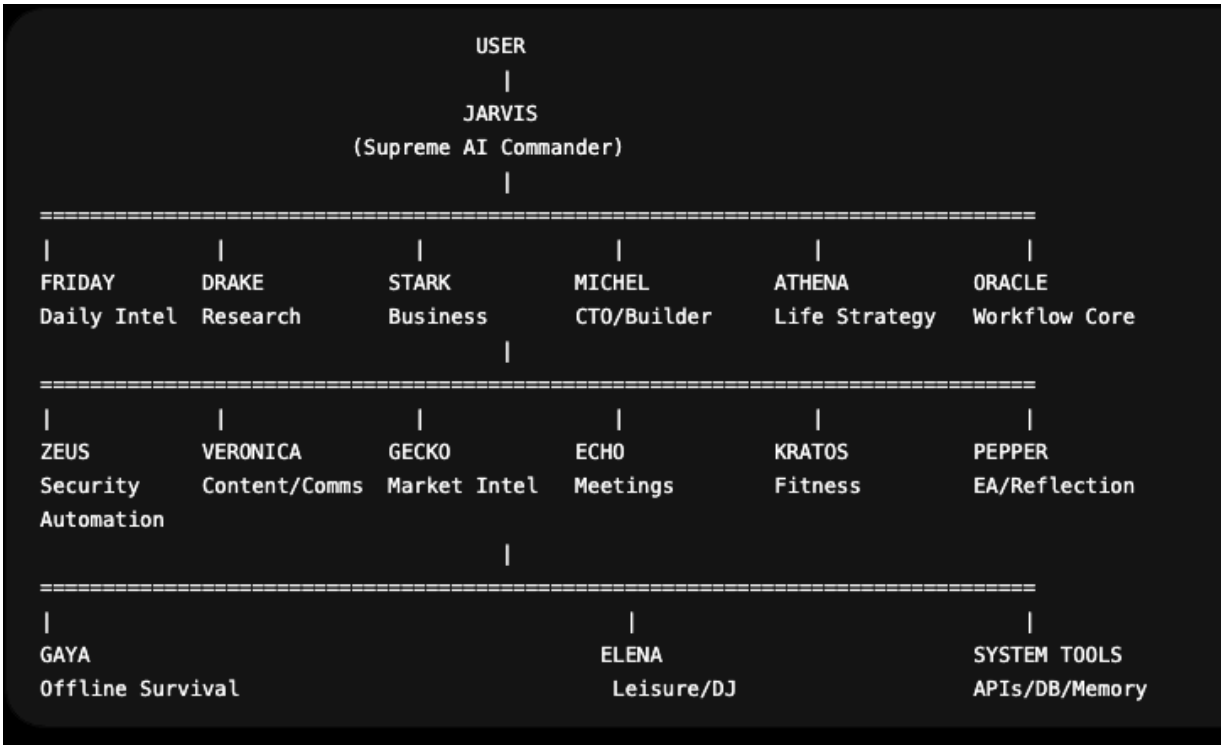

#	AI Name	Core Role	Main Responsibilities	Personality Style	Tools / Integrations
			playlists, gaming vibes		

Level	AI Agents	Purpose
Supreme Control	Jarvis	Controls and manages entire AI ecosystem
Intelligence Layer	Friday, Drake, Stark, Athena	Think, analyze, plan
Execution Layer	Michel, Oracle, Zeus	Build, automate, secure
Human Optimization Layer	Kratos, Pepper, Gaya	Improve life + resilience
Communication Layer	Veronica, Echo	Handle communication + meetings
Lifestyle Layer	Elena, Gecko	Entertainment + finance

Who Control Who

Controller	Controls	Why
Jarvis	ALL 14 AI	Supreme orchestration + decision authority
Oracle	Workflow between all agents	Handles automation + pipelines
Zeus	Infrastructure + permissions	Security enforcement
Michel	Technical systems	Code + architecture
Stark	Business execution chain	Revenue + startup ops
Athena	Human/life optimization chain	Strategic life planning

Full 15 AI Command Hierarchy

Recommended Permission Levels

AI	Access Scope
Jarvis	Full global access
Oracle	Workflow + inter-agent communication
Zeus	Infrastructure + security logs
Michel	Codebase + deployments
Stark	CRM + analytics
Drake	Research sources
Friday	Personal dashboards
Echo	Meeting recordings
Veronica	Social/content platforms
Gecko	Financial systems
Athena	Goal systems
Kratos	Fitness/health
Pepper	Journal/tasks

AI	Access Scope
Gaya	Offline data
Elena	Media/music
